VIRTUAL CRAFT PARTIES

WE ARE HELPING TEAMS TO
STAY MOTIVATED, HAPPY AND
ENGAGED WITH THEIR COLLEAGUES
AND WORKLOAD!

HOW WE HELP

We believe that everyone is creative, some people just need a little bit of help to getting reacquainted with that carefree child inside of them. As adults, we don't get the chance to play.

We are too busy being serious adults with jobs and responsibility.

Let us show you how creative you can be when you are allowed a couple of hours to craft and create.

Our craft events are brilliant for staff wellbeing.

Crafting has been proven to reduce stress and anxiety levels whilst increasing dopamine levels.

This helps to motivate staff to keep them engaged with their day to day work.

Our craft events are a great way to get the team together which helps to reduce isolation whilst working from home,

Plus everyone gets something to take home / downstairs too!

WHY CHOOSE US?

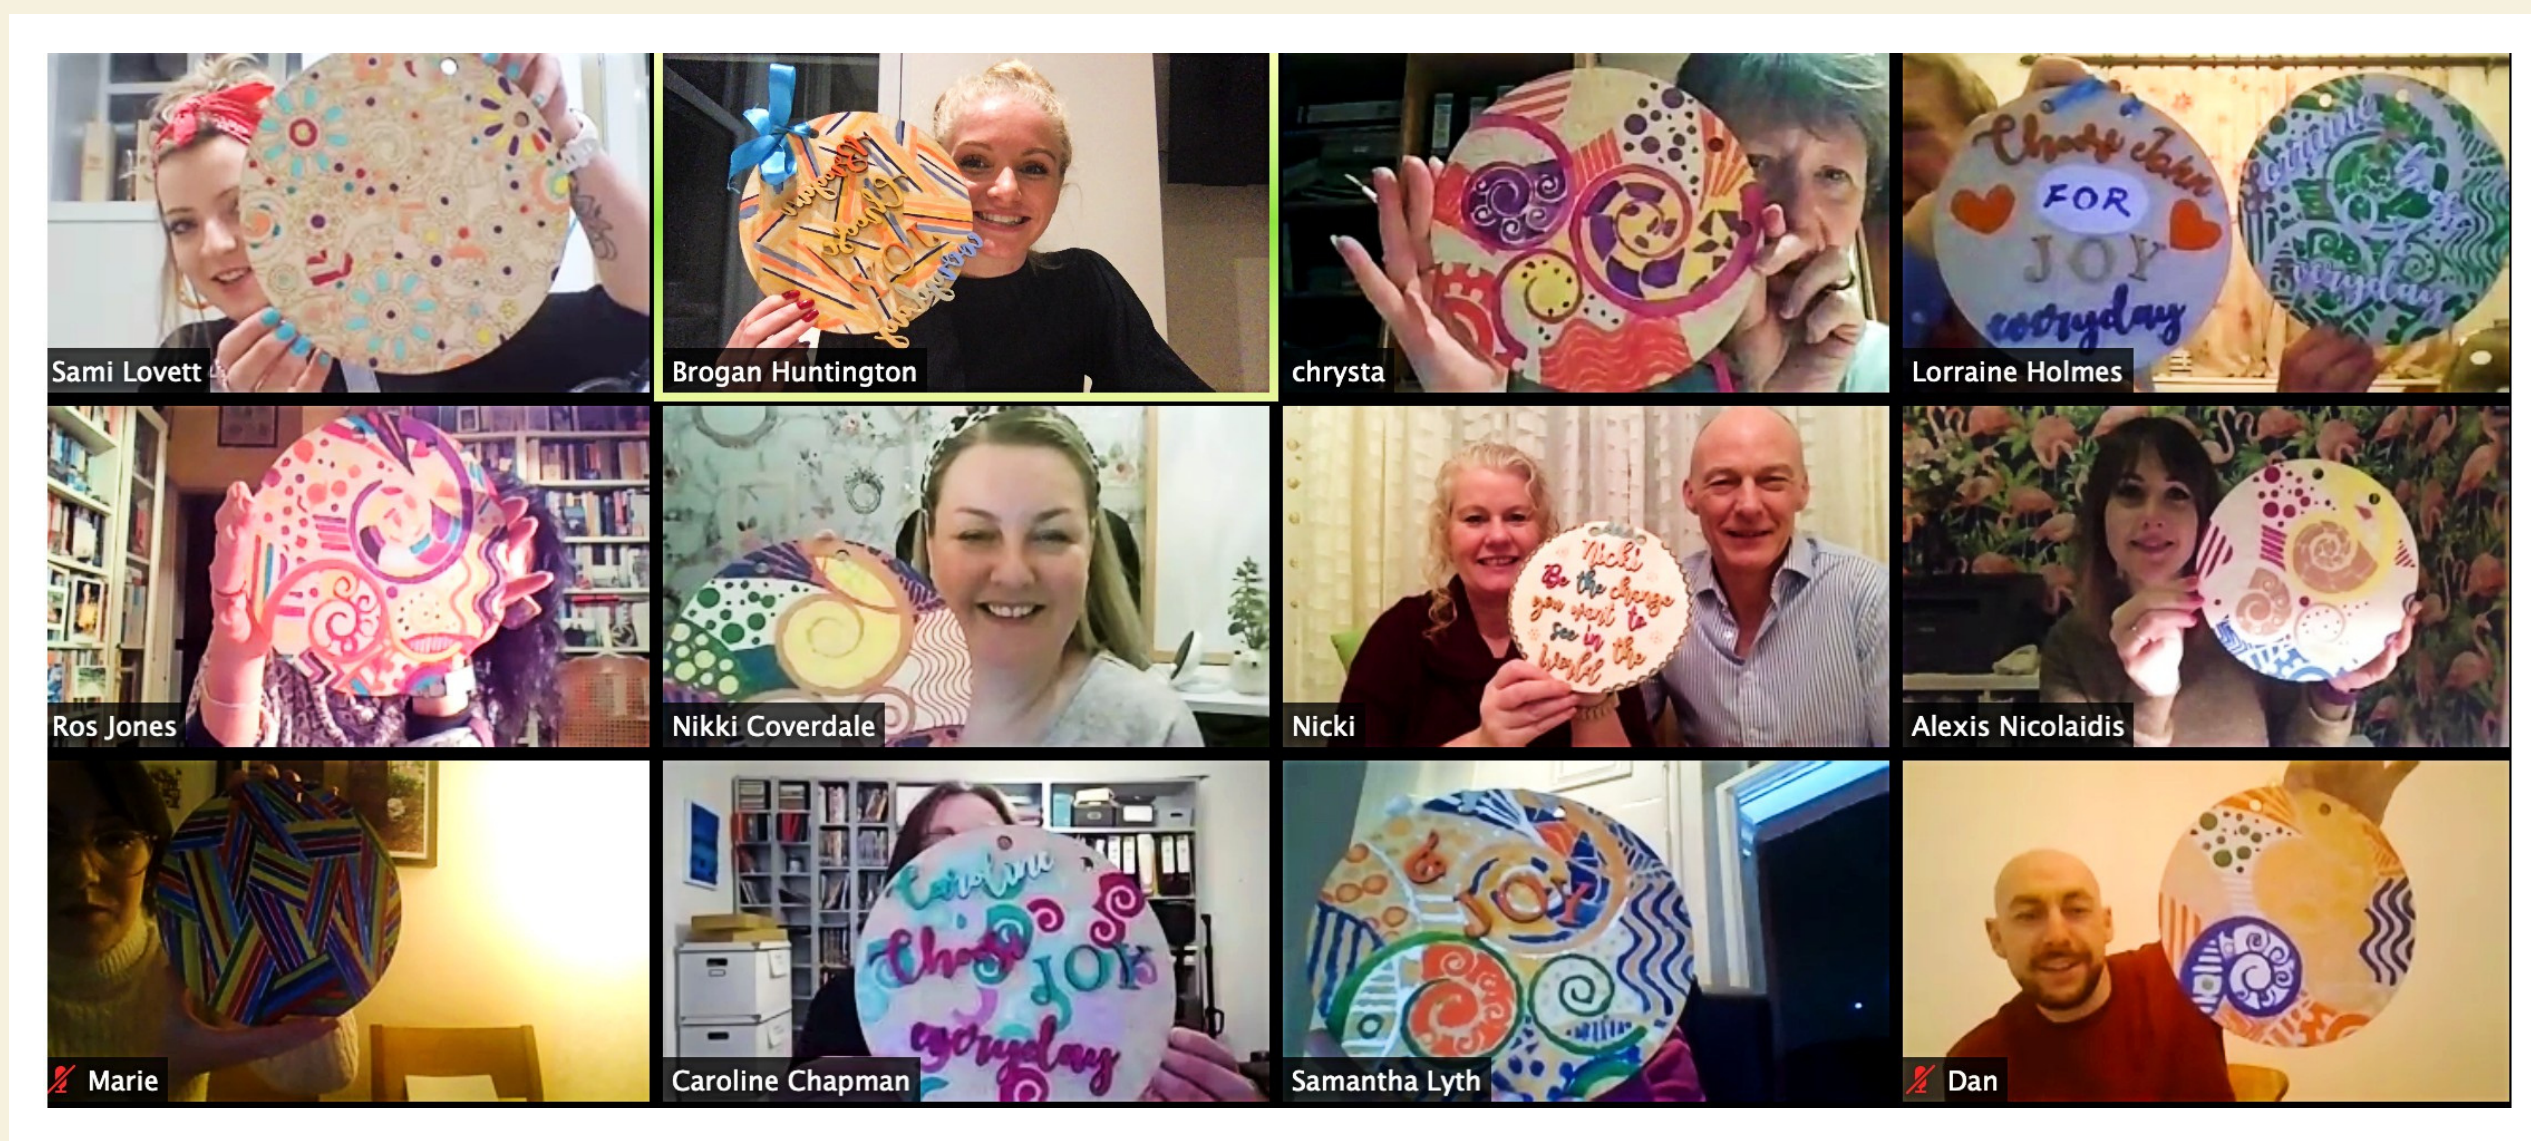

We are passionate about creating events that make people feel good!

We love showing people how powerful and creative they can be whilst building their own personalised products.

Our mission is to teach, motivate and inspire businesses and individuals to work practically and creatively.

We promise that you will just love it!

HOW IT ALL WORKS

We meet with you to find out who is coming to your party and get a feel for what you would like to create.

We have a list of products, or we can design one especially for you!

Don't worry, we are really good at designing these!

You won't be disappointed.

We will send your personalised craft kits out to your party guests and then host a fabulous Craft Party online for you all at the arranged time and date.

Your Craft Party Host will guide you through how to make your product, and will share tips and tricks of how to decorate it whilst you all chat away and compare makes together from the comfort of your own homes.

Don't worry if you don't think that you are creative. We will show you how to create an amazing product. You can only mess it up if you literally set it on fire!

We advise booking 3 weeks in advance to allow plenty of time for us to prepare and plan everything for you.

We have a minimum party booking of 10 guests.

Our Craft Parties are approximately 2 hours.

WHAT WE SEND TO YOU

PRODUCTS THAT YOU CAN MAKE

Sheep Pen Pot

Motivational
Signs

Shaped Boxes

Beer Caddy

Unicorn Pen Pot

Alpacca / Llama
Pen Pot

OR WE CAN DESIGN SOMETHING ESPECIALLY FOR YOU!

A Personalised Keyring £3.50

A Personalised Prosecco or Beer Glass £9.95 (Adults only)

A can of beer or a mini bottle of prosecco - £4.95 (Adults only)

WHAT OUR CUSTOMERS SAY

Thanks so much Sami! I thought this was an excellent idea and I had such a great time. ❤️❤️

What a fantastic evening hosted by [Sami Lovett \(Makers at the Mill\)](#) making this llama pen pot. All the crafty supplies were provided [#acrylicpaint](#) [#glitter](#) [#glue](#), all we had to bring was our creativity!

As someone who's not all that dainty when it comes to the arts I'm really proud of my llama 🥰 [#lockdown](#) [#zoom](#) [#localbusiness](#)

Did you know that most of us spend too much time in the left side of our brain? It's important to inject right brain activity into every day. So I decided to throw a craft party for some of my clients to give them some time out, engage their right brains and have some fun. 😊

How did I do this?

I hired the highly talented [Sami Lovett](#) to host our party.

She created a beautiful bespoke product for us, posted it out to each of us with everything we'd need to paint and finish it off.

We had such fun in just 2 hours. Apart from the creative outputs which were magnificent, one client told me afterwards "It reminded me that I love arts and crafts and I haven't "played" like that for years."

Another said, "I found it so calming and an amazing way to wind down from all the stuff going on."

I invite you to get back in touch with your right brain. Whether it's getting crafty with [Sami Lovett](#), tuning into yourself through exercise and mediation or learning new stuff, you'll definitely feel the benefit.

Watch out for our theme this month which is all about learning. 🧠😊🧠

Thanks for the 100% participation [Bruno](#), [Alexis](#), [Paul Raper](#), [Nikki Coverdale](#), [Brogan Huntington](#), [Caroline Chapman](#), [Chrysta](#), [Samantha Lyth](#), [John Grimshaw](#), [Daniel Hodgson](#), [Marie Woods](#)
